Modern interior design and high
quality materials

Advanced technology
with HY Maxus APP

Designed for Five-Star NCAP Rating
Increase robustness and agility

Air Suspension

The Maxus eTerron 9 comes with a smart air suspension system that adjusts the vehicle's height for smoother rides and better comfort. It keeps the SUV stable on rough roads and improves overall driving experience.

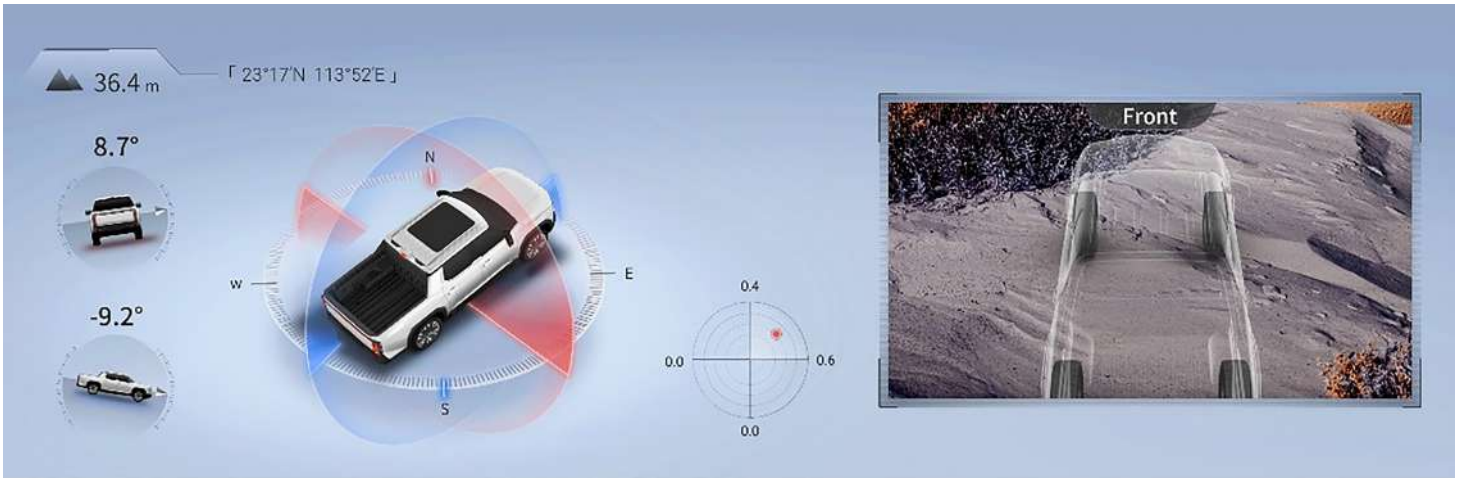

0 mm	+30 mm	+75 mm	-20 mm	-40 mm
Conventional urban road conditions	Moderate off-road conditions	Deep off-road conditions	Medium/ high-speed driving conditions	High-speed driving conditions

ATS

The Maxus eTerron 9's advanced ATS (All-Terrain System) and six preset driving modes, along with a customizable mode, make it a beginner-friendly electric pickup.

FUNCTIONALITY

For heavy loads and any terrain.

Whether transporting heavy loads or off-road - the eTERRON 9 offers the functionality you need. The electric drive allows you to drive environmentally friendly and quietly, while you can handle even challenging terrain with all-wheel drive and all-terrain mode.

Towing load.

The MAXUS eTERRON 9 sets new standards in the towing load: 3.5 tons can be seen in an all-electric vehicle.

Front luggage room.

In addition, the eTERRON 9 has a generous trunk with a volume of 236 litres. Under the electrically opening front hood, tools or luggage find lockable storage space.
